

# Wanderer by Sterling Hayden

## [Wanderer An Autobiography By Sterling Hayden](#)

Since its publication in 1963 Sterling Haydens autobiography, *Wanderer*, has been surrounded by controversy. The author was at the peak of his earning power as a movie star when he suddenly quit. He walked out on Hollywood, walked out of a shattered marriage, defied the courts, and, broke and an outlaw, set sail with his four children in the schooner *Wanderer*-bound for the South Seas. His attempt to escape launches this autobiography. It is the candid, sometimes painfully revealing confession of a man who scrutinized his every self-defeat and self-betrayal in the unblinking light of conscience. It is also the triumph of a complex and contradictory man, a rebel and a seeker, undefeated by his failure to find himself in love, adventure, drink, or escape to the South Seas.

Features:

\* ISBN13: 9781574090482

\* Condition: NEW

\* Notes: Brand New from Publisher. No Remainder Mark.

**Personal Review: *Wanderer* by Sterling Hayden**

I had the very honor and pleasure to meet Sterling Hayden at Mystic Seaport in 1982, just prior to his death. What a wonderful and interesting man. His life, is what many wish they had the guts to do, but always hang back. We had some things in common, he had been in the Marine Corps, I served for 22 years, he had sailed for many years, I also had sailed for approx 25 years, ( nothing compared to his sailing,) however we made a connection. I own his hardback copy, which he was very kind to sign and insert a wonderful message. This book will be treasured by me and my son for generations. We had a wonderful time talking, even tho it was short. I also have his second novel, Voyage, another fantastic sea story. Unless you are into sailing, you have no idea what a special person this man was. Sterling, I missed when you drove away from the Mystic Seaport Book Store, I was sad to hear of your death and you are missed. Gary D. Schott
